2. Engrs. Madhav Pratap Elec. Supply Coy. of Ramdurg have been granted a license by the Ramdurg Darbar for the supply of electricity. They have bought ^{P-1 of C.S.} A.C. generating set and other equipment. They have ^{P-1 of C.S.} stated that the works of elec. installation are nearing completion. Since Ramdurg is amalgamated ^{with this Province}, they request that permission may be granted for the installation and monopoly of elec. supply. The Collr of Bijapur has recommended the ^{P-1 of C.S.} grant of license to the Coy.

3. The I.E. Act has been made applicable to the integrated state. If the license ^{held by the Coy.} is not granted under that Act it may have to be regularised or a fresh license may have to be granted under the I.E. Act. The elec. works will also have to be in accordance with the I.E. Rules. The El. Engrs. may be requested to offer remarks and make suggestions for regularising the supply of ely. by the Coy. at Ramdurg.

No. LRM31/943 of 1949.

Bombay, 9th May 1949.

Returned, with compliments.

2. It has been ascertained from the representative of the Company that a license has been granted under the Indian Electricity Act, 1910, to the Company by the Ramdurg State. A copy of the license may be called for from the Company and the Remembrancer of Legal Affairs be requested to give his opinion as to whether a fresh license is required to be granted by this Government and whether the Company will have to ~~follow~~ follow the procedure laid down in Chapter III of the Indian Electricity Rules, 1937.

2. These papers were referred U.O. to the El. Engr. for remarks and suggestions for regularising the supply of electy. at Ramdurg by Madhav Pratap Elec. Supply Coy., Ramdurg, ^{P-14} Vide O.N., dated the 24-3-49. The El. Engr. ^{P-13} advises Govt. to call for a copy of license from the Coy. and to decide the question in consultation with the R.L.A. What was expected from the El. Engr. was his considered opinion and specific suggestion based on a thorough scrutiny of the existing license and a close study of the conditions of supply at Ramdurg. The supply Coy. has since submitted to the El. Engr. ^{P-21-29} a copy of its license and a ^{P-21-29} map of the area of supply vide copy of its letter to the El. Engr., at page 31 of corres. section. These papers may again be referred U.O. to that Officer with a request to examine the license, and the position of supply and to submit concrete proposals for regularising the supply at Ramdurg by the Supply Company and bringing that undertaking in line with the electy. Undertakings under his control. If a refce. to the R.L.A. is considered necessary as suggested by him in his ^{P-13} note dated the 9-5-49 he may be requested to please state the specific points on which the advice is ~~required~~ to be taken.

Below U.O.R.No.506/36/32823, date the 15th June 1949, from Government in the Public Works Department.

No. G.125/637 of 1949.
Bombay, 7 November 1949.

Returned, with compliments.

A 2. On scrutiny of the license granted by the Ramdurg State Government for the supply of energy at Ramdurg (please vide copy of the license at pp.21-29), it was observed that the license has been given in the old form and some important conditions, viz. conditions 9,10,12,13,14,16, 19 and 20 of the latest model form of license will have to be incorporated and some existing conditions modified, so as to bring it in conformity with the license lately granted by this Government. It is therefore, suggested that the existing license may be regularised in accordance with the procedure suggested in this office U.O.R.No.G.125/4912 dated the 30th September 1949 (P.W.D.file No.1098/48/44111).

3. Pending the regularisation of the license, as aforesaid, since the present license has been granted under section 3 of the Indian Electricity Act, 1910, there seems to be no objection to proceed on with the execution of works, but the licensee should be ordered in the first instance to get the method of construction approved by this office.

X on the case being
closed.

4. A copy of the conditions of supply and miscellaneous charges, together with the form of requisition and the form of written contract or agreement, submitted by the licensee, as required by the provision to condition 6 of the existing license, is enclosed. The conditions, etc. are generally in order, except that certain miscellaneous charges are rather on the high side. The necessary remarks and suggestions on the proposed miscellaneous charges will be made later on, after the local authority is consulted, as required by section 21(2) of the Indian Electricity Act, 1910.

5. A copy of the deposited map submitted by the licensee is also enclosed. It is not mounted on cloth, nor is it submitted in quadruplicate, but this can be set right at the time of regularising the license.

Submitted with refer. to the O.N., dated
the 13-6-49.

2. These papers deal with the elec. supply
at Ramdurg. A license for the supply of
city has been granted by the Ramdurg
State to the Madhav Prataps Elec. Supply
works Coy., under the D.E. Act 1910, in
1947. The Coy. has bought an A.C. genera-
ting set and other equipment. The license
request Govt. permission for installation
work and monopoly.

3. As the license is granted by the State
under the D.E. Act. 1910 it is valid, so the
question of granting monopoly does not
arise. Please see the El. Engr's ^{p17} note dated
17-11-49.

^{p17}
Para 2 of the ^{El. Engr's} note - The licensees may be
advised to apply for ^{any} amendments to their
license to make it conform to our model
form of license.

Para 3 of the ^{El. Engr's} note - The
for Co licensees may be allowed
to ~~proceed~~ ^{with} the ^{supply} installation works
subject to the condition that they get
the method of construction approved
by the El. Engr.

x on the same lines
below.
(ind. 1377) ²⁸
A

Para 4 of the El. Engr's note - The copy of
the conditions of supply and minor
drawings charges etc. may be forwarded

to the Commr., Southern Div. for ~~for~~ landmarks.

Para 5 of the El. Engr's note recy. action

eng. the deposited ^{P-7} map may be taken

at the time of ~~some~~ ^{sanctioning} amendments
to the license.

4 If the above proposals are approved
p. 25-26 of E-3
the draft put up may issue.

El. Br. (I).

P. W. D.

Submitted with refce. to the O.N.,
dated the 16-12-49.

2. The points for consideration are:-

- (a) to make the Raumdurg El. License, 1947, granted by the Raumdurg State, conform to the model Form of license, prescribed by Govt.
(b) to make neeq. modifications in the 'conditions of supply' of the licensees.

3. Point (a) above:- The licensees may be expedited with refce. as per draft put up with refce. to para 2 of G.L. No. 506/48-El. (I), d. the 21-12-49, wherein they have been asked to apply to Govt. for amending their license so as to make it conform to the model Form of license.

4. Point (b):- The Commr. S.S. was asked to consult the local authorities and offer his remarks on the 'conditions of supply' - vide, G.E. No. 506/48-El. (I), d. the 21-12-49. His remarks will be found on page 3 of the C.S. The El. Engr's. attention may be invited to para 4 of his No. G. 125/6397, dated the 17-11-49, and he may be requested to make his suggestions on the 'Conditions etc.', which will be found on top.

5. The proposed draft may issue first and then the papers be refd. no. to the El. Engr. with refce. to para 4 above.

El.Br.(I).P.W.D.

x

P. 25.

Submitted with ref. to the O. N., dated the
12-7-50.

P. 27-7

2. The El. Engr. has checked the rates and conditions of supply of the Madhav Pratap El. Supply Coy., Ramdurg. He has pointed out that (1) there is no provision for the rate of tempy. supply for motive power and (2) the minimum charge for lighting fans etc. stipulated in clause 7 of part II (Service & Misc. charges) is not provided in the license. Excepting these defects the conditions and miscellaneous charges for supply of energy are considered to be in order. The Commr. S.D. also has no objections to them.

3. The licensees have not applied to Govt. for necy. amendments to their license as advised in G.L. at p. 25 of C.S. They intimated in July 1950 that they had approached the El. Engr. for model form. Nothing further is heard from them.

P. 150/12

4. According to clause 5(3) of the Ramdurg El. License 1947 execution of works is to be commenced within 6 months of the commencement of the license and the supply of energy is to be commenced within two years therefrom. The license is dt. 7-12-1947 and it is revoked under clause 5(5) if the supply is not begun by the due date. No progress reports have been recd. from the Coy. in accordance with clause 5(4) of the license. It is not known whether the licensees have completed the supply works and the supply by the due date. Before addressing the licensees for necy. amendments to their license the El. Engr. may be requested u.o. furnish

information...

4/1/51

Returned, with compliments.

2. The supply was started by the licensees in October 1948; but they had to close down for want of technical staff. In April 1949, they approached this office for permission to commence supply. The necessary permission was granted and the supply is being given by the licensees since then.

3. The licensees have not approached this office so far for the necessary forms of license.

Electrical Engineer to Govt.

U.O.R. to Govt. in the P.W.D.

No. 2140

P.W.DK.A.

submitted with refce. to the G.O.

at p-87 of C.S.

2. The Madhavprata Elec. Supply Coy.,
 P-97 P-89-96
 Ramdurg has submitted the model
 form duly filled in.

3. As regards para 2 of the Coy's
 P-97/45
 letter it may be stated that the
 terms and conditions of its existing
 license are similar to some
 conditions of our model form. It
 is however necessary to incorporate
 some conditions of the model form
 in that license. Amendments to
 the existing license are therefore
 considered necessary. As regards para
 P-97/45
 3 of the ~~license~~ Coy's letter there
 appears no objection to the proposed
 amendment. The period of the
 existing license is 40 years and
 the Coy wants to stick up to it,
vide para 4 of its letter.

4. These matters may be referred
 no. to the El. Engr. for remarks on
 the proposed terms and conditions
 He may also be requested to advise
 if the draft map attached at the
 the

the commencement is in order
so that the Corp. may be asked to
furnish 4 copies thereof mounted
on cloth.

Below U.O.R, No. LRM 1051/44823 dated 26th June 1951 from Govt.
in the Public Works Department, Bombay.

No. LRM 1051/44823 of 1952:
Bombay, 17th March '52.

Returned with compliments.

2. The draft license submitted by the Licensee in the model form appears to be in order and may be approved subject to the following remarks :-

1. Clause 2(5): The license has originally been granted by the ex-state Govt. on 7th December 1947 and as it is only to be amended now to make it conform to the model form, the words "7th December 1947" may be inserted after the words "shall mean the" in the first line of the clause and the rest of the portion from the word "date".... to the end of the sentence, be omitted.

2. Clause 3(1) & (2): As the licensee has already been giving supply, this clause may be deleted altogether.

3. Clause 5 & 6: It has since been ascertained that the licensee has executed the works in the area of compulsory supply and a continuous supply from 6 A.M. to 12 night is given to this area along with the other areas in the town. In view of this, clauses 5 & 6 of the draft license may be deleted.

4. Clause 7(1): As requested by the licensee in para 4 of his letter at pge 97 ante, there appears to be no objection to allow the period of 40 years instead of 25 years.

3. The deposited map submitted by the license was found to be defective in certain respects and hence the representative of the licensee was asked to attend this office to receive instructions in June 1951 and after several reminders, the representative called at this office on 9-10-1951 when the original map was returned to him for corrections and resubmission, and the same has not been so far received from the company. The company is again being expedited in the matter and as soon as the map is received the same will be forwarded to Government.

2. Four copies of the deposited map which were received from the Supply Company on 20th October 1953 are prepared in accordance with the instructions given by this office and they are now found to be in order and are signed in token of verification.

3. Since the scrutiny of the draft license in May 1952, the existing model form of license was examined at the joint meeting of the Chief Engineer, Bombay Electric Grid, the undersigned and the representative of the Association of Electrical Undertakings held on 13-6-1952, with a view to propose suitable amendments thereto, it is necessary that the following modifications be made to the draft license, in accordance with the decision taken at the joint meeting:-

- (1) Clause 7 - Sub-clause (2) of this clause may be deleted.
- (2) Clause 8 - The existing clause may be substituted by the following, viz.:-

"The rates to be charged by the licensee for energy supplied by him shall be governed by the provisions of Section 57 of the Electricity (Supply) Act, 1948 and other relevant provisions of law in force from time to time".

- (3) Clauses 10 & 11 - These may be deleted.

4. As regards the boundaries of the area of supply to be described in Clause 3 of the draft license, it is stated that since the area of supply is shown conspicuously marked in black colour line, there is no need to specify its boundaries and it is suggested the clause as now amended at page 111 of the correspondence section, may be allowed to stand.

'being dealt with
separately).

it has been decided by Govt. p. 94/c.s
pp. 89-95/c.s that clauses 13 and 14 in
the model form of license (i.e. clauses 10 and 11
in the draft license) should be retained in
the revised model form of license because
these clauses, viz., "Nomination of a Director
by Govt." and "Agreement between the licensee
and the Managing Agents" are a special
category and affects service to the public.
pp. 121/c.s
~~the~~ clauses 10 and 11 in the draft license
may, therefore, be retained.

4. The Supply Co. may be requested
to agree to the amendments to the draft
license as proposed in para. 3 above. pp. 109-125/c.s
pp. 45-49/v.1
may further be pointed out that in the draft
license approved by Govt., sub-clause (5)
of clause 2 reads as follows:-
p. 41/v.s.
p. 89/c.s
p. 89/c.s

"(5) "the commencement of this license"
shall mean the date 7th December, 1947."
However, in the draft license actually forwarded
to the Supply Company and approved by it,
pp. 109-125/c.s
p. 127/c.s
the...

5. 5.
p.109/c.s. of the notification by the port.
of Bombay in the Bombay port gazette by
which this license is granted; " have
p.110/c.s. remained to be deleted. The empty company
may be requested to agree to their deletion.
5. The draft put up may issue,
if approved.

MODEL FORM

THE

ELECTRIC LICENCE, 19

LICENCE GRANTED BY THE GOVERNMENT
OF BOMBAY FOR THE SUPPLY OF ENERGY
UNDER THE INDIAN ELECTRICITY ACT, 1910

*Note.—Portion in bracket to be
added where necessary.

License.—License is hereby granted to MADHAV PRATAP
ELECTRIC SUPPLY COMPANY.
~~(carrying on business in partnership under the~~
~~name and style of Messrs.~~)

and having ^{its}~~his~~ registered office at RAMDURGA.
_{their}

to supply energy in the area with powers and upon the
terms and conditions specified below:—

1. *Short Title.*—This license may be cited as
“The Ramdurga Electric License 1947”

2. *Interpretation.*—In this license—

(1) “Act” shall mean the Indian Electricity Act,
1910

(2) “rules” shall mean the rules made under the Act

(3) “licensee” shall mean and include the said Madhav
Pratap Electric and ~~his~~ ^{their} permitted assigns;
Supply Co.

(4) “deposited map” shall mean the plan of the area
of supply as hereinafter specified, which has been depo-
sited with Government in pursuance of the rules, which
plan is signed for the purpose of identification, by the
Secretary to the Government of Bombay in the Public
Works Department and by the licensee;

(5) the commencement of this license” shall mean the
date of the notification by the Government of Bombay
in the ~~Bombay Government Gazette~~ by which this license
is granted; 7th Dec. 1947.

(6) “Government” shall mean the Provincial
Government of Bombay;

(7) words and expressions not defined in this license
but defined in the Act or the rules shall have the mean-
ing assigned to them in the Act or the rules as the case
may be.

3. *Security.*—(1) The period within which the licensee
shall show under sub-clause (a) of clause I of the Schedule
to the Act that he is in a position fully and efficiently to
discharge the duties and obligations imposed upon him
by the license throughout the area of supply shall, unless
otherwise ordered by Government under clause (b) of
subsection (3) of section 4 of the Act, be six months from
the commencement of this license.

(2) Unless otherwise ordered by Government under
clause (b) of subsection (3) of section 4 of the Act, the
sum which the licensee shall deposit or secure to the satis-
faction of Government under sub-clause (b) of clause I
of the Schedule to the Act, shall be rupees five hundred ~~two thousand~~
and the period within which such sum shall be so
deposited or secured shall be three months ~~thirty days~~ from the
commencement of this license.

3. *Area of Supply.*—The area within which the supply
of energy is authorised by this license, hereinbefore
and hereinafter referred to as “the area of supply”

shall be the whole of the area comprised within the Municipal District of *Rasmdurga* and *the local ward area in Rasmdurga town* which is shown by ~~limits of the Village Panchayat or~~ a *Red pencil* coloured line on the deposited map, and is bounded as follows:—

*Name of the colour to be specified.

North—By

East—By

West—By

South—By

5. *Area of Compulsory Supply.*—(1) The licensee shall, within a period of ~~eighteen months from the commencement~~ of this license, execute works to the satisfaction of Government for the purpose of a full and continuous supply of energy throughout the streets or parts of streets as are mentioned below and shown in red colour on the deposited map—

(1) *Vankoha-Maidan*

(2) *Bazar Road in front of police station.*

(3) *Road in front of vegetable Market.*

(2) In the case of any difference between the description of the streets mentioned in sub-clause (1) of this clause and that indicated on the deposited map, the latter shall prevail.

(3) The licensee shall commence to execute the works aforesaid within six months from the commencement of this license and shall complete the execution of the works aforesaid and shall commence the supply of energy within eighteen months therefrom.

(4) The licensee shall every three months submit reports to Government and also to the Electrical Engineer to Government specifying the progress made up to date from the commencement of the license in the execution of the works in the compulsory area.

6. *Revocation of License.*—If the licensee fails to comply with the provisions of sub-clause (1), (3) or (4) of clause 5, or, if in the opinion of Government, the progress made during any portion of the said period of eighteen months is unsatisfactory, the license shall be liable to be revoked, and the security furnished as per sub-clause (2) of clause 3 shall be forfeited.

4. 7. *Purposes and Limitation of Supply.*—(1) Subject to the provisions of this license and the Act and the rules, the

licensee shall be entitled during the continuance of this licence to supply energy within the area of supply for all purposes :

² Provided firstly, that nothing in this license shall be construed to prevent any railway or Government Authority from purchasing their power requirements from any other railway or Government Department for their own industrial, domestic or other uses.

Provided secondly, that nothing in this license shall be construed to prevent any person requiring 50 KW or more of electric power from purchasing his power requirements from any Government Department for his own industrial, domestic or other uses.

Provided thirdly, that no supply of energy shall be commenced to be given by the licensee to any owner or occupier of private premises unless and until the licensee has completed all the works relating to the license and such works have been inspected by the Electric Inspector, Bombay Province, and passed by him in writing, and until Government have approved—

(a) the form of requisition to be made by such owner or occupier for such supply of energy ;

(b) the form of written contract or agreement with the licensee to take a supply of energy to be executed or entered into by such owner or occupier ;

(c) the amounts of all miscellaneous charges which the licensee proposes to make against such owner or occupier as incidental to or in connection with such supply ; and

(d) the conditions which the licensee proposes to make to regulate his relations with his consumers.

Provided fourthly, that where all the works have not been completed by the licensee, and the licensee nevertheless desires to commence to give supply of energy in a portion or portions of the area of supply, the licensee shall do so only with the express permission of the Electric Engineer to Government, whose decision in the matter shall be final.

(2) Clauses V, VI, VII, IX, X and XI of the Schedule to the Act shall, wherever necessary, be read as expressly added to or varied to the extent set out in the proviso to sub-clause (1) of this clause.

(3) The licensee shall not supply energy to any premises unless the owner or occupier of such premises has satisfied the licensee that all work including repairs relating to electric wires, fittings and apparatus, on such premises, has been carried out by a licensed electrical contractor and under the supervision of a Competency Certificate holder under the rules or orders issued by Government in this behalf, or by such other person as may be authorised to carry out such works under rule 48 of the rules and clause VI of the Schedule to the Act shall be deemed to be modified accordingly.

5. ~~8.~~ *System of Supply.*—(1) The system of supply of energy which may be adopted for the purpose of this license shall be the Alternating Current, single or three phase, three or four wire, periodicity fifty cycles per second. The pressure of supply at the consumer's terminals shall be as under :—

(a) 230 volts between each phase and neutral for general purposes, viz. lights, fans, heaters, refrigerators, etc. ;

(b) 400 volts between phases for motive power purposes and purposes other than those specified in (a) above ; and

(c) ~~Any pressure~~ ^{415 to 660} volts for feeders and for supply to any large consumers for power purposes :

Provided always that no high tension mains shall be brought within or near the populated areas without the specific sanction of Government in each case.

(2) The feeders, distributing mains and service lines may be laid overhead or underground but wherever and whenever specifically required to do so in writing by Government, such feeders, distributing mains or service lines shall be laid underground :

Provided that—

(a) no work or works shall be commenced by the licensee unless and until the method of construction has been previously approved in writing by the Electrical Engineer to Government ;

(b) where overhead mains are used, they shall nowhere be at a height of less than thirty feet from the ground level of the streets at all crossings in all the routes where "raths" or "taboots" or other similar religious processions are likely to pass. In cases of dispute such routes and heights shall be determined by the District Magistrate ;

(c) in narrow lanes or streets the poles for overhead mains shall be placed on the extreme edge of the lane or street and a special construction to be approved by the Electrical Engineer to Government shall be adopted to keep the wires clear of every building ;

(d) no poles for overhead lines shall be erected in streets or thoroughfares which are less than ten feet in width for vehicular traffic ; and

(e) nothing in this license shall authorise the licensee to use overhead mains at a pressure higher than the medium pressure without the written sanction of Government in each case and subject to any conditions or limitations which Government may prescribe in that behalf.

(3) Due precautions shall be taken to avoid any possible interference with the adjacent telephone or telegraph circuits due to inductive effects. The electric wires shall be suitably transposed where necessary.

(4) For the purpose of rule 68 (2) of the rules, the maximum wind pressure shall be taken as *fifteen* pounds per square foot.

J. Generating, Receiving, Transforming and Distributing stations.—(1) The Generating, Receiving, Transforming and Distributing Stations shall be within the area of supply.

(2) The licensee shall employ a resident Electrical Engineer in technical charge of the undertaking and the appointment of such an Engineer shall have the previous approval of the Electrical Engineer to Government, P. W. D., Bombay.

(3) The licensee shall maintain at all times a standby plant as well as spare parts for the machinery installed which, in the opinion of the Electrical Engineer to Government, may be considered necessary to ensure a regular, constant and sufficient supply of energy to consumers.

(4) The licensee shall keep and maintain at his generating station and/or sub-station, if so desired by the ~~Provincial~~ Government, a log book made up of daily log sheets in the form approved by the Electrical Engineer to Government. Such log book shall contain a correct record of all the interruptions in supply due to stoppage of generating set or sets and tripping out of feeders due to overload, short-circuits, etc., and the log book shall be produced at any time on request to the Electric Inspector or an officer appointed to assist the Electric Inspector under sub-rule (1) of rule 5 of the Indian Electricity Rules, 1937.

state

state

10. *Purchase of Energy in Bulk.*—(1) The licensee shall take from any ~~Provincial~~ Government generating station such power as he required for distribution at any time after the Government is in a position to supply at a rate which, in the opinion of the Government, is not higher than the then prevailing cost to the licensee for generating his own electrical energy at the time of the offer:

(2) If power is taken under sub-clause (i) above, the licensee shall, if so required, sell to Government his station at its depreciated book value. If, however, Government does not wish to purchase the station, the licensee shall have full powers to dispose of it.

8.

~~11.~~ *Rates—Limits of Prices to be Charged.*—The rates to be charged by the licensee for energy supplied by him shall not exceed the maxima set out below, or in the case of a method of charge approved by Government under clause (c) of sub-section (3) of section 23 of the Act such maxima as Government may fix on approving the method, namely:—

(A) Where energy is supplied by meter.

(1) For general supply purposes; viz.:—

(a) for lights and fans—A rate of annas *Ten* per unit;

(b) for heating, refrigerating and other domestic and general purposes—A rate of annas *five* per unit.

Minimum charge.—A minimum charge of *Rs. 3/-* per month may be made in addition to meter hire whether energy to that extent has been consumed or not.

(2) For motive power purposes and purposes other than those mentioned in items 1 (a) and (b) above:—

A standing charge per month for service at the rate of *Rs. 4/-* per B. H. P. of connected load for the supply of which licensee is required to make provision and in addition a charge for current determined by meter as follows:—

(i) for the first *500* units consumed per B. H. P. per month—A rate of annas *four* per unit;

(ii) for all excess units consumed during the month—A rate of annas *three* per unit.

Note.—(a) The term "Unit" occurring in this sub-clause, shall mean the energy contained in a current of 1,000 amperes flowing under an electromotive force of one volt during one hour.

(b) The term "connected load" occurring in this sub-clause, shall mean the total rated capacity of the motor or motors in B. H. P. connected to the installations.

(3) *Meter Rent.*—The rent to be charged for meters shall not exceed—

Annas *12* per month for a single phase A. C. Meter.
Annas *32* per month for a poly phase A. C. Meter.

(B) Where energy is not supplied by meter, a fixed rate of *Rs. 2/8/-* per mensem shall be charged for a twenty watt light and *Rs. Rupee one* for every additional twenty watts or part thereof burning for not more than six hours per night.

(3) In the case of large-consumers, contracts may be made for fixed periods at such rates not exceeding the rates specified in sub-clause (A) of this clause as may be agreed upon.

(1) Without prejudice to anything contained in the above sub-clauses, the licensee may at any time enter into a special contract with the Municipality of *Ramdurga* for the supply of energy to the said Municipality for public lighting upon such terms and conditions and at such rates not exceeding the maxima charges specified above, as may for the time being be mutually agreed upon.

or Rs. 3/- per kw

9. ~~12.~~ *Unpaid Apprentices.*—The licensee shall, whenever so required by Government, employ as unpaid apprentices passed candidates from the Mechanical and Electrical Engineering Institutes in the Province of Bombay for a period of one year's training in connection with the power station and distributing system :

Provided that the number of such candidates to be so employed at one time shall be limited to two.

10. ~~13.~~ *Nomination of a Director by Government.*—If the license is hereafter assigned to any limited company, Government shall have the right to nominate one Director on the Board of Directors of such Company, and the Director so nominated shall be entitled to such remuneration payable by the said Company as fixed in the Memorandum and Articles of Association of such Company in respect of other Directors. The Director so nominated by the Government shall not be required to hold any qualification shares nor shall he be liable to removal or retirement. The Government shall however have a right to remove the person so nominated and appoint another in his place. The Articles of Association of the Company shall make provisions on the lines of this clause.

11. ~~14.~~ *Agreement between the Licensee and the Managing Agents.*—The licensee shall not enter into an agreement with Managing Agents, if any, or make any modifications to such agreement already entered into, unless with the previous consent in writing of the Government. The Government shall also have the right to examine any agreement between the licensee and the Managing Agents, if any, and to require suitable modification therein as a condition precedent to Government granting any consent as required by section 9 (2) of the Act.

12. ~~15.~~ *Breaking up of Streets.*—The length of trenches to be opened on any street at any one time, and the period for which they may remain open, shall be determined from time to time by Government or the local authority by which such streets are repairable.

~~16. Breaking up of Railways.~~—In pursuance of the provisions of sub-section (5) of section 12 of the Act, the licensee is hereby specially authorised within the area of supply to break up the soil and pavement of the portions of the ~~so far only as concerns level-crossings~~ and the portions of the said railway running along the highway. Any difference or dispute arising between the licensee and the said railway by reason of the exercise by the licensee of the powers conferred on him by this clause shall, subject to the provisions of sections 13 and 16, be determined by Government whose decision shall be final.

17. *Purchase of the Undertaking.*—(1) The option of purchase given by sub-section (1) of section 7 of the Act shall be exercisable first on the expiration of ~~twenty-five~~ ^{fourty} years from the commencement of this license and thereafter on the expiration of every subsequent period of ~~seven~~ ^{Ten} years therefrom. The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (1) of section 7 of the Act which shall be added to such value under the second proviso to that sub-section on account of compulsory purchase shall be ten per centum.

(2) In accordance with clause (d) (ii) of sub-section (2) of section 3 of the Act it is hereby declared that the generating station belonging to the licensee and used in connection with the undertaking or where energy is

purchased from any other person or company, the receiving and distributing sub-stations used in connection with the undertaking, shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

14 ~~18~~. *Assignment of the License.*—At any time after the commencement of this license the licensee may, with the previous consent in writing of Government, and subject to compliance with such conditions upon which such consent may be given, assign this license and transfer the whole of the undertaking in respect of which this license is granted (including all lands, buildings, works, materials and plant of the licensee) to any individual or company formed or to be formed and registered in the ~~Province~~ ^{State} of Bombay in accordance with the law for the time being in force in ~~British~~ India, or, in Great Britain under any enactment relating to companies for the time being in force there and having authority to take over the license and the said undertaking as the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensee under this license, the Act and the rules, and on such assignment and transfer, the rights, powers, authorities, obligations and liabilities of the licensee shall be exercisable by and shall attach to such individual or company formed or to be formed as aforesaid.

15 ~~19~~. *Submission of Annual Accounts.*—The licensee shall submit to Government annually before the 1st October, the accounts of the undertaking made up to the 31st March of the same year in the forms set forth in Annexure V to the Indian Electricity Rules, 1937, together with a statement showing the technical and financial data in the form prescribed by Government.

16 ~~20~~. The license shall be subject to the provisions of the Electricity (Supply) Act, 1948, and any other Act of the Central or Provincial Government that may be passed hereafter affecting the public electric supply undertakings.

Dated this day of One thousand
nine hundred and

Madhav Pratap Electric Supply Co.

R A M D U R G

Date...24th March 1948.

To,

The Deputy Secretary,
To Govt. Electrical Branch, P.W.D.,
Bombay.

Respected Sir,

I, the undersigned, Vishnu Vithal Ranade, Manager and Partner of Madhav Pratap Electric Supply Co. ^{Ramdnrg} beg to request your honour that the license for the Electrical installation in the town of Ramdnrg (State) was obtained in the name of Madhav Pratap Electric Supply Co. ^{Ramdnrg} in December, 1947. The electrical AC. Generating set and other materials had been bought and the installation work is under construction. Now the Ramdnrg state area is merged into British India, therefore it is requested that the permission if necessary should be ^{sanctioned} given for the above installation and monopoly.

Thanking you and hoping your earlier reply,

Yours most obediently,

Vishnu Vithal Ranade
MANAGER

MODEL FORM

THE *Ramdurg* ELECTRIC LICENCE, 1947
LICENCE GRANTED BY THE GOVERNMENT OF
BOMBAY FOR THE SUPPLY OF ENERGY UNDER
THE INDIAN ELECTRICITY ACT, 1910

*Note.—Portion in bracket to be added where necessary.

*Shri M. R. alias Babasaheb Ramdurg
Shri M. R. alias Pralapsinh Bhave
Shri B. B. Solanki and
Shri V. V. Rawde*

Licensee.—License is hereby granted to *MADHARAO PRATAI*
~~ELECTRIC SUPPLY COMPANY~~
~~(operating for business in partnership)~~ under the
name and style of Messrs. *Pratai Electric Supply Company*
and having ~~its~~ *their* registered office at *RAMDURG*
to supply energy in the area with the powers and upon the
terms and conditions specified below:—

1. Short Title.—This license may be cited as
"The *Ramdurg Electric License* 1947."

2. Interpretation.—In this license—

- (1) "Act" shall mean the Indian Electricity Act, 1910
- (2) "rules" shall mean the rules made under the Act
- (3) "licensee" shall mean and include the said *Pratai Electric Supply Company* and ~~its~~ *their* permitted assigns;

(4) "deposited map" shall mean the plan of the area of supply as hereinafter specified, which has been deposited with Government in pursuance of the rules, which plan is signed, for the purpose of identification, by the Secretary to the Government of Bombay in the Public Works Department and by the licensee;

(5) "the commencement of this license" shall mean the date of the notification by the Government of Bombay in the *Bombay Government Gazette* by which this license is granted *7th December 1947*.

(6) "Government" shall mean the *State* Government of Bombay *of the State of Bombay*.

(7) words and expressions not defined in this license but defined in the Act or the rules shall have the meaning assigned to them in the Act or the rules as the case may be.

delete { 3. Security.—(1) The period within which the licensee shall show under sub-clause (a) of clause I of the Schedule to the Act that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him by the license throughout the area of supply shall, unless otherwise ordered by Government under clause (b) of sub-section (3) of section 4 of the Act, be six months from the commencement of this license.

delete { (2) Unless otherwise ordered by Government under clause (b) of sub-section (3) of section 4 of the Act, the sum which the licensee shall deposit or secure to the satisfaction of Government under sub-clause (b) of clause I of the Schedule to the Act, shall be rupees *two thousand* and the period within which such sum shall be so deposited or secured shall be *thirty days* from the commencement of this license.

4. Area of Supply.—The area within which the supply of energy is authorised by this license, hereinafter and hereinafter referred to as "the area of supply"

shall be the whole of the area comprised within the Municipal District of *Ramdurg and the local board area in Ramdurg town* which is shown by ~~parts of the Village Panchayat~~ a ~~red~~ *red* coloured line on the deposited map, and is bounded as follows :—

*Name of the colour to be specified.

North—By

East—By

West—By

South—By

5. *Area of Compulsory Supply.*—(1) The licensee shall, within a period of eighteen months from the commencement of this license, execute works to the satisfaction of Government for the purpose of a full and continuous supply of energy throughout the streets or parts of streets as are mentioned below and shown in red colour on the deposited map—

- (1) *Venkoba Maidan*
- (2) *Bazar Road in front of Police station*
- (3) *Road in front of Vegetable market.*

delete

(2) In the case of any difference between the description of the streets mentioned in sub-clause (1) of this clause and that indicated on the deposited map, the latter shall prevail.

(3) The licensee shall commence to execute the works aforesaid within six months from the commencement of this license and shall complete the execution of the works aforesaid and shall commence the supply of energy within eighteen months therefrom.

(4) The licensee shall every three months submit reports to Government and also to the Electrical Engineer to Government specifying the progress made up to date from the commencement of the license in the execution of the works in the compulsory area.

6. *Revocation of License.*—If the licensee fails to comply with the provisions of sub-clause (1), (3) or (4) of clause 5, or, if in the opinion of Government, the progress made during any portion of the said period of eighteen months is unsatisfactory, the license shall be liable to be revoked, and the security furnished as per sub-clause (2) of clause 3 shall be forfeited.

delete

4. *Purposes and Limitation of Supply.*—(1) Subject to the provisions of this license and the Act and the rules, the

licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes : —

*First and second provisos to clause (7).—*Provided firstly, that nothing in this license shall be construed to prevent any railway or Government Authority from purchasing their power requirements from any other railway or Government Department for their own industrial, domestic or other uses.

Provided secondly, that nothing in this license shall be construed to prevent any person requiring 50 KW or more of electric power from purchasing his power requirements from any Government Department for his own industrial, domestic or other uses.

occupier of private premises unless and until the licensee has completed all the works relating to the license and such works have been inspected by the Electric Inspector, Bombay Province, and passed by him in writing, and until Government have approved—

(a) the form of requisition to be made by such owner or occupier for such supply of energy ;

(b) the form of written contract or agreement with the licensee to take a supply of energy to be executed or entered into by such owner or occupier ;

(c) the amounts of all miscellaneous charges which the licensee proposes to make against such owner or occupier as incidental to or in connection with such supply ; and

(d) the conditions which the licensee proposes to make to regulate his relations with his consumers.

Provided fourthly, that where all the works have not been completed by the licensee, and the licensee nevertheless desires to commence to give supply of energy in a portion or portions of the area of supply, the licensee shall do so only with the express permission of the Electrical Engineer to Government, whose decision in the matter shall be final.

(2) Clauses V, VI, VII, IX, X and XI of the Schedule to the Act shall, wherever necessary, be read as expressly added to or varied to the extent set out in the proviso to sub-clause (1) of this clause.

(3) The licensee shall not supply energy to any premises unless the owner or occupier of such premises has satisfied the licensee that all work including repairs relating to electric wires, fittings and apparatus, on such premises, has been carried out by a licensed electrical contractor and under the supervision of a Competency Certificate holder under the rules or orders issued by Government in this behalf, or by such other person as may be authorised to carry out such works under rule 48 of the rules and clause VI of the Schedule to the Act shall be deemed to be modified accordingly.

5. *System of Supply.*—(1) The system of supply of energy which may be adopted for the purpose of this license shall be the Alternating Current, single or three phase, three or four wire, periodicity fifty cycles per second. The pressure of supply at the consumer's terminals shall be as under :—

(a) 230 volts between each phase and neutral for general purposes, viz. lights, fans, heaters, refrigerators, etc. ;

(b) 400 volts between phases for motive power purposes and purposes other than those specified in (a) above ; and

(c) any pressure ^{upto 6000} volts for feeders and for supply to any large consumers for power purposes :

Provided always that no high tension mains shall be brought within or near the populated areas without the specific sanction of Government in each case.

(2) The feeders, distributing mains and service lines may be laid overhead or underground but wherever and whenever specifically required to do so in writing by Government, such feeders, distributing mains or service lines shall be laid underground:

Provided that—

(a) no work or works shall be commenced by the licensee unless and until the method of construction has been previously approved in writing by the Electrical Engineer to Government;

(b) where overhead mains are used, they shall nowhere be at a height of less than thirty feet from the ground level of the streets at all crossings in all the routes where "raths" or "taboots" or other similar religious processions are likely to pass. In cases of dispute such routes and heights shall be determined by the District Magistrate;

(c) in narrow lanes or streets the poles for overhead mains shall be placed on the extreme edge of the lane or street and a special construction to be approved by the Electrical Engineer to Government shall be adopted to keep the wires clear of every building;

(d) no poles for overhead lines shall be erected in streets or thoroughfares which are less than ten feet in width for vehicular traffic; and

(e) nothing in this license shall authorise the licensee to use overhead mains at a pressure higher than the medium pressure without the written sanction of Government in each case and subject to any conditions or limitations which Government may prescribe in that behalf.

(3) Due precautions shall be taken to avoid any possible interference with the adjacent telephone or telegraph circuits due to inductive effects. The electric wires shall be suitably transposed where necessary.

(4) For the purpose of rule 68 (2) of the rules, the maximum wind pressure shall be taken as *fifteen* pounds per square foot.

6. *Generating, Receiving, Transforming and Distributing stations.*—(1) The Generating, Receiving, Transforming and Distributing Stations shall be within the area of supply.

(2) The licensee shall employ a resident Electrical Engineer in technical charge of the undertaking and the appointment of such an Engineer shall have the previous approval of the Electrical Engineer to Government, P. W. D., Bombay.

(3) The licensee shall maintain at all times a standby plant as well as spare parts for the machinery installed which, in the opinion of the Electrical Engineer to Government, may be considered necessary to ensure a regular, constant and sufficient supply of energy to consumers.

~~Clause 4(4).~~ (4).—The licensee shall keep and maintain at his generating station and/or sub-station, if so desired by the Provincial Government, a log book made up of daily log sheets in the form approved by the Electrical Engineer to Government. Such log book shall contain a correct record of all the interruptions in supply due to stoppage of generating set or sets and tripping out of feeders due to overload, short-circuits, etc., and the log book shall be produced at any time on request to the Electric Inspector or an officer appointed to assist the Electric Inspector under sub-rule (1) of rule 5 of the Indian Electricity Rules, 1937.

Clause (16) Purchase of energy in Bulk.—(1) The licensee shall take from any ~~Provincial~~ Government generating station such power as he required for distribution at any time after the Government is in a position to supply at a rate which, in the opinion of the Government, is not higher than the then prevailing cost to the licensee for generating his own electrical energy at the time of the offer.

(2) If power is taken under sub-clause (1) above, the licensee shall, if so required, sell to Government his station at its depreciated book value. If, however, Government does not wish to purchase the station, the licensee shall have full powers to dispose of it

as Rs. 3/- per k.w.

~~state~~

5

value. If however the Electricity Board or Government does not wish to purchase the generating plant the licensee shall have full powers to dispose of it.

8. Rates—Limits of Prices to be Charged.—The rates to be charged by the licensee for energy supplied by him shall not exceed the maxima set out below, or in the case of a method of charge approved by Government under clause (c) of sub-section (3) of section 23 of the Act such maxima as Government may fix on approving the method, namely:—

(A) Where energy is supplied by meter.

(1) For general supply purposes viz.:—

--(a) for lights and fans—A rate of annas ~~ten~~ per unit;

(b) for heating, refrigerating and other domestic and general purposes—A rate of annas ~~five~~ per unit.

Minimum charge.—A minimum charge of ~~R. 3/-~~ per month may be made in addition to meter hire whether energy to that extent has been consumed or not.

(2) For motive power purposes and purposes other than those mentioned in items 1 (a) and (b) above:—

A standing charge per month for service at the rate of ~~R. 4/-~~ per B. H. P. of connected load for the supply of which licensee is required to make provision and in addition a charge for current determined by meter as follows:—

(i) for the first ~~500~~ units consumed per B. H. P. per month—A rate of annas ~~4~~ per unit;

(ii) for all excess units consumed during the month—A rate of annas ~~3~~ per unit.

Note.—(a) The term "Unit" occurring in this sub-clause, shall mean the energy contained in a current of 1,000 amperes flowing under an electromotive force of one volt during one hour.

(b) The term "connected load" occurring in this sub-clause shall mean the total rated capacity of the motor or motors in B. H. P. connected to the installations.

(3) Meter Rent.—The rent to be charged for meters shall not exceed—

Annas ~~12~~ per month for a single phase A. C. Meter.

Annas ~~32~~ per month for a poly phase A. C. Meter.

(B) Where energy is not supplied by meter, a fixed rate of ~~R. 2/12/0~~ per mensem shall be charged for a twenty watt light and ~~super one~~ for every additional ~~twenty~~ watts or part thereof burning for not more than six hours per night.

(C) In the case of large consumers, contracts may be made for fixed periods at such rates not exceeding the rates specified in sub-clause (A) of this clause as may be agreed upon.

(D) Without prejudice to anything contained in the above sub-clauses, the licensee may at any time enter into a special contract with the Municipality ~~for the supply of energy to the said Municipality~~ for public lighting upon such terms and conditions and at such rates not exceeding the maxima charges specified above, as may for the time being be mutually agreed upon.

9. 12. Unpaid Apprentices.—The licensee shall, whenever so required by Government, employ as unpaid apprentices passed candidates from the Mechanical and Electrical Engineering Institutes in the ~~Province~~ ^{State} of Bombay for a period of one year's training in connection with the power station and distribution system:

Provided that the number of such candidates to be so employed at one time shall be limited to two.

13. *Nomination of a Director by Government.*—If the license is hereafter assigned to any limited company, Government shall have the right to nominate one Director on the Board of Directors of such Company; and the Director so nominated shall be entitled to such remuneration payable by the said Company as fixed in the Memorandum and Articles of Association of such Company in respect of other Directors. The Director so nominated by the Government shall not be required to hold any qualification shares nor shall he be liable to removal or retirement. The Government shall however have a right to remove the person so nominated and appoint another in his place. The Articles of Association of the Company shall make provisions on the lines of this clause.

14. *Agreement between the Licensee and the Managing Agents.*—The licensee shall not enter into an agreement with Managing Agents, if any, or make any modifications to such agreement already entered into, unless with the previous consent in writing of the Government. The Government shall also have the right to examine any agreement between the licensee and the Managing Agents, if any, and to require suitable modification therein as a condition precedent to Government granting any consent as required by section 9 (2) of the Act.

2 15. *Breaking up of Streets.*—The length of trenches to be opened on any street at any one time, and the period for which they may remain open, shall be determined from time to time by Government or the local authority by which such streets are repairable.

16. *Breaking up of Railways.*—In pursuance of the provisions of sub-section (5) of section 12 of the Act, the licensee is hereby specially authorised within the area of supply to break up the soil and pavement of the portions of the ~~so far only as concerns level-crossings~~ and the portions of the said railway running along the highway. Any difference or dispute arising between the licensee and the said railway by reason of the exercise by the licensee of the powers conferred on him by this clause shall, subject to the provisions of sections 13 and 16, be determined by Government whose decision shall be final.

17. *Purchase of the Undertaking.*—(1) The option of purchase given by sub-section (1) of section 7 of the Act shall be exercisable first on the expiration of ~~twenty-five~~ ^{forty} years from the commencement of this license and thereafter on the expiration of every subsequent period of ~~seven~~ ^{ten} years herefrom. The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (1) of section 7 of the Act which shall be added to such value under the second proviso to that sub-section on account of compulsory purchase shall be ten per centum.

(2) In accordance with clause (d) (ii) of sub-section (2) of section 3 of the Act it is hereby declared that the generating station belonging to the licensee and used in connection with the undertaking or where energy is purchased from any other person or company, the receiving and distributing sub-stations used in connection with the undertaking, shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

18. *Assignment of the License.*—At any time after the commencement of this license the licensee may, with the previous consent in writing of Government, and subject to compliance with such conditions upon which such consent may be given, assign this license and transfer the whole of the undertaking in respect of which this license is granted

state

(including all lands, buildings, works, materials and plant of the licensee) to any individual or company formed or to be formed and registered in the f Bombay in accordance with the law for the time being in force in British India, or, in Great Britain under any enactment relating to companies for the time being in force there and having authority to take over the license and the said undertaking as the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensee under this license, the Act and the rules, and on such assignment and transfer, the rights, powers, authorities, obligations and liabilities of the licensee shall be exercisable by and shall attach to such individual or company formed or to be formed as aforesaid.

15. ~~10.~~ *Submission of Annual Accounts.*—The licensee shall submit to Government annually before the 1st October, the accounts of the undertaking made up to the 31st March of the same year in the forms set forth in Annexure V to the Indian Electricity Rules, 1937, together with a statement showing the technical and financial data in the form prescribed by Government.

16. ~~16.~~ *Clause (20).*—The license shall be subject to the provisions of the Electricity (Supply) Act, 1948, and any other Act of the Central or Provincial Government that may be passed hereafter affecting the public electric supply undertakings.

nine hundred and

Madhav Pratap Electric Supply Co

RAMDURG.
(Dist. Lalgum).

Head Office:-454 BUDHWAR POONA 2.

Ref. No.

Date 19th May

The Assistant Secretary to the Govt. of Bombay,
P.W.D., Mumbai.

Dear Sir,

Re: Electric Supply at Ramdurg.

1. Please refer to your letter No. 506/48 E.I.C. dated the 11th March 1951 on the above cited subject.

2. We have to state that, the Electricity Act in force in the former Ramdurg State was the same as the Indian Electricity Act 1910 and our Company (Madhav Pratap Electric Supply Co.) was granted a License in 1947 in a Model form prescribed under the Act and the same is found to be most identical with that of the Model form of Bombay State. However, as you propose to issue a fresh License in the Model Form, we enclose herewith the same in triplicate, with some changes as shown following.

3. Regarding S.No. 3 SECURITY sub clause 2 of the Model Form the amount of Deposit of Rs. 2000/- (Rupees Two thousand only) to be deposited or secured does not apply to us as the former Ramdurg State has granted the License on a fee of Rs. 500/- which has already been paid. Hence the amendment has been made accordingly in this form which is submitted along with this.

4. It is also the same case as regards Clause 17 (1) as the Former Ramdurg State has granted the License for Forty years, we would like to stick up the figure and accordingly an amendment is made as Forty years in stead of 25 years proposed in the Model Form.

5. The corrected deposited map is already forwarded to the Executive Engineer, Southern Electric Division, Poona along with other Forms on 12th August 1949.

Kindly acknowledge the receipt of this letter.

Yours faithfully,
for Madhav Pratap Electric Supply Co.

The Electrical Engineer to Govt. Public Works
Department, Churchgate Street, Fort,
Bombay No. 1.

Sub:- Recommencement of Electric Supply
at Ramdurg.

Dear Sir,

With reference to your letter No. LRM 31/129 of 6th April 1949 and its subsequent reminder No. LRM 31/963 of 10th inst. we have great pleasure to submit herewith a copy of License granted by the Ramdurg Darbar under the Indian Electricity Act 1910 along with a copy of a map showing the area of supply. The map of the method of construction will be sent in due course. We could not show the red pencil line marks on the attached plan as the copy of the original map deposited with the Darbar is not yet traceable. The attached map shows the area of Town Ramdurg.

Thanking you,

Yours faithfully,

THE 'RAMDURG' ELECTRIC LICENCE, 1947

LICENCE GRANTED BY THE GOVERNMENT OF BOMBAY FOR THE SUPPLY OF ENERGY UNDER THE INDIAN ELECTRICITY ACT, 1910.

License.- License is hereby granted to Shrimat M.R. alias Bapusheb Bhawe Shrimat A.R. alias Pratsinh Bhawe, Shri B. B. Solared and Shri V.V. Ramde, and having their registered office at RAMDURG to supply energy in the area with the powers and upon the terms and conditions specified below :-

1. Short Title.- This license may be cited as

"The Ramdurg Electric License 1947."

2. Interpretation.- In this license-

- (1) "Act" shall mean the Indian Electricity Act, 1910
- (2) "rules" shall mean the rules made under the Act
- (3) "licensee" shall mean and include the said partners of the Madhav Pratap Electric Supply Company and their permitted assigns;
- (4) "deposited map" shall mean the plan of the area of supply as hereinafter specified, which has been deposited with Government in pursuance of the rules, which plan is signed, for the purpose of identification by the Secretary to the Government of Bombay in the Public Works Department and by the licensee;

(5) "the commencement of this license" shall mean the date of the notification by the Government of Bombay in the Bombay Government Gazette by which this license is granted, 7th December 1947;

(6) "Government" shall mean the Provincial Government of Bombay *(the State of Bombay)*;

(7) words and expressions not defined in this license but defined in the Act or the rules shall have the meaning assigned to them in the Act or the rules as the case may be.

3. ~~Security.~~ ~~(1) The period within which the licensee shall show under sub-clause (a) of clause I of the Schedule to the Act that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him by the license throughout the area of supply shall, unless otherwise ordered by Government under clause (b) of sub-section (3) of section 4 of the Act, be six months from the commencement of this license.~~

~~(2) Unless otherwise ordered by Government under clause (b) of sub-section (3) of section 4 of the Act, the sum which the licensee shall deposit or secure to the satisfaction of Government under sub-clause (b) of clause I of the Schedule to the Act, shall be rupees two thousand and the period within which such sum shall be so deposited or secured shall be thirty days from the commencement of this license.~~

3. Area of Supply.- The area within which the supply of energy is authorised by this license, hereinafter and hereinafter referred to as "the area of supply" shall

be

-: 2 :-

be whole of the area comprised within the Municipal District of Ramdurg and the local board area in Ramdurg Town which is shown by a ~~red pencil~~ ^{black} coloured line on the deposited map, ~~and is bounded as follows:-~~

North - By
East - By
West - By
South - By

5. Area of Compulsory Supply.-(1) The licensee shall, within a period of eighteen months from the commencement of this license, execute works to the satisfaction of Government for the purpose of a full and continuous supply of energy throughout the streets or parts of streets as are mentioned below and shown in red colour on the deposited map -

(2) ~~In the case of any difference between the description of the streets mentioned in sub-clause (1) of this clause and that indicated on the deposited map, the latter shall prevail.~~

(3) ~~The licensee shall commence to execute the works aforesaid within six months from the commencement of this license and shall complete the execution of the works aforesaid and shall commence the supply of energy within eighteen months therefrom.~~

(4) ~~The licensee shall every three months submit reports to Government and also to the Electrical Engineer to Government specifying the progress made up to date from the commencement of the license in the execution of the works in the compulsory area.~~

6. Revocation of License.- ~~If the licensee fails to comply with the provisions of sub-clause (1), (3) or (4) of clause 5, or, if in the opinion of Government, the progress made during any portion of the said period of eighteen months is unsatisfactory, the license shall be liable to be revoked, and the security furnished as per sub-clause (2) of clause 3 shall be forfeited.~~

4. Purposes and Limitation of Supply.-(1) Subject to the provisions of this license and the Act and the rules, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes:

Provided firstly, that nothing in this license shall be construed to prevent any railway or Government Authority from ~~from~~ purchasing their power requirements from any other railway or Government Department for their own industrial, domestic or other uses.

Provided secondly, that nothing in this license shall be construed to prevent any person requiring 50 kW. or more of electric power from purchasing his power requirements from any Government Department for his own industrial, domestic or other uses.

Provided thirdly, that no supply of energy shall be commenced to be given by the licensee to any owner or occupier of private premises unless and until the licensee has completed all the works relating to the license

license and such works have been inspected by the Electric Inspector, Bombay ~~State~~, and passed by him in writing, and until Government have approved-

- (a) the form of requisition to be made by such owner or occupier for such supply of energy;
- (b) the form of written contract or agreement with the licensee to take a supply of energy to be executed or entered into by such owner or occupier;
- (c) the amounts of all miscellaneous charges which the licensee proposes to make against such owner or occupier as incidental to or in connection with such supply; and
- (d) the conditions which the licensee proposes to make to regulate his relations with his consumers.

Provided fourthly, that where all the works have not been completed by the licensee, and the licensee nevertheless desires to commence to give supply of energy in a portion or portions of the area of supply, the licensee shall do so only with the express permission of the Electrical Engineer to Government whose decision in the matter shall be final.

(2) Clauses V, VI, VII, IX, X and XI of the Schedule to the act shall, wherever necessary, be read as expressly added to or varied to the extent set out in the proviso to sub-clause (1) of this clause.

(3) The licensee shall not supply energy to any premises unless the owner or occupier of such premises has satisfied the licensee that all work including repairs relating to electric wires, fittings and apparatus, on such premises, has been carried out by a licensed electrical contractor and under the supervision of a Competency Certificate holder under the rules or orders issued by Government in this behalf, or by such other person as may be authorised to carry out such works under rule 48 of the rules and clause VI of the Schedule to the Act shall be deemed to be modified accordingly.

5. System of Supply.- (1) The system of supply of energy which may be adopted for the purpose of this license shall be the Alternating Current, single or three phase, three or four wire, periodicity fifty cycles per second. The pressure of supply at the consumer's terminals shall be as under :-

- (a) 230 volts between each phase and neutral for general purposes, viz. lights, fans, heaters, refrigerators, etc.;
- (b) 400 volts between phases for motive power purposes and purposes other than those specified in (a) above; and
- (c) any pressure upto 6,600 volts for feeders and for supply to any large consumers for power purposes:

Provided always that no high tension mains shall be brought within or near the populated areas without the specific sanction of Government in each case.

(2) The feeders, distributing mains and service lines may be laid overhead or underground but wherever and whenever ~~xxxx~~ specifically required to do so in writing by Government, such feeders, distributing mains or service lines shall be laid underground:

Provided

Provided that -

(a) no work or works shall be commenced by the licensee unless and until the method of construction has been previously approved in writing by the Electrical Engineer to Government;

(b) where overhead mains are used, they shall nowhere be at a height of less than thirty feet from the ground level of the streets at all crossings in all the routes where "raths" or "taboots" or other similar religious processions are likely to pass. In cases of dispute such routes and heights shall be determined by the District Magistrate;

(c) in narrow lanes or streets the poles for overhead mains shall be placed on the extreme edge of the lane or street and a special construction to be approved by the Electrical Engineer to Government shall be adopted to keep the wires clear of every building;

(d) no poles for overhead lines shall be erected in streets or thoroughfares which are less than ten feet in width for vehicular traffic; and

(e) nothing in this license shall authorise the licensee to use overhead mains at a pressure higher than the medium pressure without the written sanction of Government in each case and subject to any conditions or limitations which Government may prescribe in that behalf.

(3) Due precautions shall be taken to avoid any possible interference with the adjacent telephone or telegraph circuits due to inductive effects. The electric wires shall be suitably transposed where necessary.

(4) For the purpose of rule 68(2) of the rules, the maximum wind pressure shall be taken as fifteen pounds per square foot.

6. Generating, Receiving, Transforming and Distributing stations.- (1) The Generating, Receiving, Transforming and Distributing Stations shall be within the area of supply.

(2) The licensee shall employ a resident Electrical Engineer in technical charge of the undertaking and the appointment of such an Engineer shall have the previous approval of the Electrical Engineer to Government, P.W.D. Bombay.

(3) The licensee shall maintain at all times a standby plant as well as spare parts for the machinery installed which, in the opinion of the Electrical Engineer to Government, may be considered necessary to ensure a regular, constant and sufficient supply of energy to consumers.

(4) The licensee shall keep and maintain at his generating station and/or sub-stations, if so desired by the Government, a log book made up of daily log sheets in the form approved by the Electrical Engineer to Government. Such log book shall contain a correct record of all the interruptions in supply due to stoppage of generating set or sets and tripping out of feeders due to overload, short-circuits, etc. and the log book shall be produced at any time on request to the Electrical Inspector or an officer appointed to assist the Electric Inspector under sub-rule (1) of rule 5 of the Indian Electricity Rules, 1937.

7. Purchase of Energy in Bulk - The licensee shall take from any ~~State~~ ^{State} Government generating station such power as he requires for distribution at any time after the Government is in a position to supply at a rate which, in the opinion of the Government, is not higher than the then prevailing cost to the licensee for generating his own electrical energy at the time of the offer.

(2) If power is taken under sub-clause (1) above, the licensee shall, if so required, sell to Government his station at its depreciated book value. If, however, Government does not wish to purchase the station, the licensee shall have full powers to dispose of it.

8. Rates-Limits of Prices to be charged. - The rates to be charged by the licensee for energy supplied by him, shall not exceed the maxima set out below, or in the case of a method of charge approved by Government under ~~xx~~ clause (c) of sub-section (3) of section 23 of the Act such maxima as Government may fix on approving the method, namely :-

(A) Where energy is supplied by meter.

(1) For general supply purposes viz. :-

(a) for lights and fans - A rate of annas ten per unit;

(b) for heating, refrigerating and other domestic and general purposes - A rate of annas five - per unit.

Minimum charge. - A minimum charge of Rs.3/- per month may be made in addition to meter hire whether energy to that extent has been consumed or not.

(2) For motive power purposes and purposes other than those mentioned in items 1(a) and (b) above :-

A standing charge per month for service at the rate of Rs.4/- per B.H.P. or Rs.3/- per kW of connected load for the supply of which licensee is required to make provision and in addition a charge for current determined by meter as follows :-

(i) for the first 500 units consumed per B.H.P. per month - A rate of annas 4 per unit;

(ii) for all excess units consumed during the month - A rate of annas 3 per unit.

8. Rates-Limits of Prices to be charged. -

The rates to be charged by the licensee for energy supplied by him shall be governed by the provisions of sub-section (3) of section 23 of the Act, and other provisions of the law in force from time to time.

Note.-(a) The term "Unit" occurring in this sub-clause, shall mean the energy contained in a current of 1,000 amperes flowing under an electromotive force of one volt during one hour.

(b) The term "connected load" occurring in this sub-clause shall mean the total rated capacity of the motor or motors in B.H.P. connected to the installations.

(3)

note from CID of
24.11.54
to 15.11.54
JRM LRM 1954

-: 7 :-

(3) Meter Rent.- The rent to be charged ^{for} ~~for~~ meters shall not exceed

Annas twelve per month for a single phase A.C. Meter.
Annas thirty-two per month for a poly phase A.C. Meter.

(B) Where energy is not supplied by meter, a fixed rate of Rs. 2/8/0/- per mensem shall be charged for a twenty watt light and ~~rupee one~~ for every additional ~~twenty~~ ^{Ten} watts or part thereof burning for not more than six hours per night.

(C) In the case of large consumers, contracts may be made for fixed periods at such rates not exceeding the rates specified in sub-clause (A) of this clause as may be agreed upon.

(D) Without prejudice to anything contained in the above sub-clauses, the licensee may at any time enter into a special contract with the Municipality of Ramdurg for the supply of energy to the said Municipality ~~xxxxx~~ for public lighting upon such terms and conditions and at such rates not exceeding the maxima charges specified above, as may for the time being be mutually agreed upon.

/ State

9. Unpaid Apprentices.- The licensee shall, whenever so required by Government, employ as unpaid apprentices passed candidates from the Mechanical and Electrical Engineering Institutes in the ~~Province~~ of Bombay for a period of one year's training in connection with the power station and distribution system:

Provided that the number of such candidates to be so employed at one time shall be limited to two.

10. Nomination of a Director by Government.- If the license is hereafter assigned to any limited company, Government shall have the right to nominate one Director on the Board of Directors of such Company, and the Director so nominated shall be entitled to such remuneration payable by the said Company as fixed in the Memorandum and Articles of Association of such Company in respect of other Directors. The Director so nominated by the Government shall not be required to hold any qualification shares nor shall ~~he~~ be liable to removal ~~or~~ or retirement. The Government shall however have a right to remove the person so nominated and appoint another in his place. The Articles of Association of the Company shall make provisions on the lines of this clause.

11. Agreement between the Licensee and the Managing Agents.- The licensee shall not enter into ~~an~~ agreement with Managing Agents, if any, or make any modifications to such agreement already entered into, unless with the previous consent in writing of the Government. The Government shall also have the right to examine any agreement between the licensee and the Managing Agents, if any, and to require suitable modification therein as a condition precedent to Government granting any consent as required by section 9(2) of the Act.

12. Breaking up of Streets.- The length of trenches to be opened on any street at any one time, and the period for which they may remain open, shall be determined from time to time by Government or the local authority by which such streets are repairable.

16. Breaking up of Railways.- In pursuance of the provisions

~~provisions of sub-section (5) of section 12 of the Act, the licensee is hereby specially authorised within the area of supply to break up the soil and pavement of the portions of the so far only as concerns, level-crossings and the portions of the said railway running along the highway. Any difference or dispute arising between the licensee and the said railway by reason of the exercise by the licensee of the powers conferred on him by this clause shall, subject to the provisions of sections 13 and 16, be determined by Government whose decision shall be final.~~

13. Purchase of the Undertaking. - (1) The option of purchase given by sub-section (1) of section 7 of the Act shall be exercisable first on the expiration of ~~forty~~ **five** years from the commencement of this license and thereafter on the expiration of every subsequent period of ~~ten~~ **xx** years therefrom. The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (1) of section 7 of the Act which shall be added to such value under the second proviso to that sub-section on account of compulsory purchase shall be ten per centum.

(2) In accordance with clause (d). (ii) of sub-section (2) of section 3 of the Act it is hereby declared that the generating station belonging to the licensee and used in connection with the undertaking or where energy is purchased from any other person or company, the receiving and distributing sub-stations used in connection with the undertaking, shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

14. Assignment of the License. - At anytime after the commencement of this license the licensee may, with the previous consent in writing of Government, and subject to compliance with such conditions upon which such consent may be given, assign this license and transfer the whole of the undertaking in respect of which this license is granted (including all lands, buildings, works materials and plant of the licensee) to any individual or company formed or to be formed and registered in the ~~Province of Bombay~~ **State** in accordance with the law for the time being in force in British India, or, in Great Britain under any enactment relating to companies for the time being in force there and having authority to take over the license and the said undertaking as the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensee under this license, the Act and the rules, and on such assignment and transfer the rights, powers, authorities, obligations and liabilities of the licensee shall be exercisable by and shall attach to such individual or company formed or to be formed as aforesaid.

15. Submission of Annual Accounts. - The licensee shall submit to Government annually before the 1st October, the accounts of the undertaking made up to the 31st March of the same year in the forms set forth in Annexure V to the Indian Electricity Rules, 1937, together with a statement showing the technical and ~~financial~~ **financial** data in the form prescribed by Government.

16. The license shall be subject to the provisions of the Electricity (Supply) Act, 1948, and any other ~~Act of the Central or Provincial Government~~ **Union or State** that may be passed hereafter affecting the public electric supply undertakings.
